"I am a paraprofessional with an Early Childhood Education Credential. I went back school to get on the road to getting an Elementary Credential. The education program at BCC is inspiring and opened my eyes to see the world in a wonderful new way."

Third Semester Student in BCC's AA-T Program

"I just wanted to thank the education program for preparing me so well for a major in education. Everything I learned is popping up in my credential classes and with the base I got from the education program at BCC, it's been a breeze so far!"

Second Year Student in CSU East Bay's Teaching Credential Program

"I have been a paraprofessional working for the Oakland Unified School District for many years, but, after taking classes in the Teacher's Aide Certificate Program, I feel much better prepared to do my job; I am more confident at work, and more motivated to continue working as an instructional aide.
