1	Berkeley City College	BCC New Program	Chemistry	Associate in Science	Fall 2015	0954.00	Chemistry is essential and pre-requisite for many science majors, including medical, dental, and pharmacy programs. At Berkeley City College we offer courses designed to prepare students for transfer to four year colleges or universities to major in various fields of biological and physical sciences, as well as to prepare them for professional careers in health care (such as medicine, dentistry, nursing, dental hygiene, physical therapy, and pharmacy). The Science Department at Berkeley City College is offering an Associate in Science Degree Program in Chemistry. This is a two-year (four-semester) course sequence that allows students to start in either the fall or spring semester. This program will prepare students into the right pathways for their majors at the 4-year colleges or universities. At the same time it will provide students with the analytical skills needed to enable them to work as entry level technicians in academic and research laboratories.	
2	Berkeley City College	BCC New Program	Chemistry	Certificate of Achievement	Fall 2015	0954.00	Chemistry is essential and pre-requisite for many science majors, including medical, dental, and pharmacy programs. At Berkeley City College we offer courses designed to prepare students for transfer to four year colleges or universities to major in various fields of biological and physical sciences, as well as to prepare them for professional careers in health care (such as medicine, dentistry, nursing, dental hygiene, physical therapy, and pharmacy). The Science Department at Berkeley City College is offering an Certificate of Achievement in Chemistry. This is a two-year (four-semester) course sequence that allows students to start in either the fall or spring semester. This program will prepare students into the right pathways for their majors at the 4-year colleges or universities. At the same time it will provide students with the analytical skills needed to enable them to work as entry level technicians in academic and research laboratories.	
3	Berkeley City College	BCC Modified Program	Public and Human Services: Community Health Worker	Associate in Arts	Fall 2015	2104.00	The program requirements were updated to reflect current curriculum offerings.	
4	Berkeley City College	BCC Modified Program	Public and Human Services: Community Health Worker	Associate in Arts	Fall 2015	2104.00	The program requirements were updated to reflect current curriculum offerings.
