2. Discussion items

- A. Update on Peralta Program and Course Approval Handbook  
A final draft is complete. Members will submit any further edits to Amany by 9/24. The final version will be on the next CIPD agenda for approval.
- B. PCCD Curriculum Consultation Guidelines  
These are in use for the fall semester. They be reviewed at the end of the term. (see document)
- C. College Catalog/Addendum Deadlines  
Siri announced that VPIs will communicate with their campuses about the deadlines for curriculum and the catalog and addendum production.
- D. We are considering moving the catalog to an online version. A rep from Curricunet Meta will come to a future meeting to show how Meta can be used for this purpose. To see an example of a school using Meta for its catalog, check UC Davis.
- E. A rep from ACCJC will come to a future meeting to do a training on when we must file substantive changes for curriculum changes.

F. Announcement: Laney's Electricity/Electronics Technology discipline, listed as E/ET, is changing to Electrical and Electronics Technology and will still use E/ET.

### **Post-CIPD Meeting Summary**

1. All campuses seem to have a problem with finding a department to take responsibility of updating Liberal Arts: CSU General Ed Breadth cert, Liberal Arts: IGETC cert, Liberal Arts: Arts and Humanities degree, Liberal Arts: Social and Behavioral Sciences degree. We agreed that Siri will start a discussion with VPIs and curriculum chairs will start the discussion with campus committees.
