#### 2118 Milvia Updates

- ❖ Still in DSA
- ❖ Explains different ways of delivering a construction project
- ❖ This project is a design build
  - This project is not state funded but locally funded
  - The contractor works with the architect as a team
- ❖ Wants the architect to complete DSA Review by April
- ❖ District is working on the construction of the building
- ❖ The project was awarded almost a year a and a half ago and now there are problems with construction
  - Covid

- The supply chains
- Delays
  
- ❖ The District wants to engage a design build team to get the best price for the project

## Sean

### BCC West

- ❖ No further updates
- ❖ Continuing to move along with some of the design elements and picking out furniture
- ❖ Too early to provide a ground-breaking date
- ❖ We were anticipating DSA's approval early spring, April is the newly projected timeline

## John

### Posting on campus

- ❖ Wants to make sure that random post isn't posted in random spaces
- ❖ Noticed quite a few people coming on campus and posting flyers
- ❖ Making sure all flyers are approved through Student Activities and Campus Life

## Announcements

- I. Safety Team is still active and we have 10 members
- II. 3 of the 10 have gone through CPR training, and other members will be attending the upcoming training on 2/23/23
- III. Once certified we can move forward with a variety of additional training sessions

- IV. The District is going to come out with another module to engage with the campus
- V. Will check with the Director of Public Safety about an earthquake drill
