

Berkeley City College's 9th Annual FELI

(Five-Day Experiential Learning Institute)

June 4–8, 2018, 8:30 am–5 pm

A five-day transformative learning model, the FELI mirrors the **PERSIST Foundations Course** which launches each college bridge semester. Instructors, staff and administrators experience an essential component of the program **as an educationally disadvantaged student does**.

Using curriculum developed by the nationally renowned **Academy for College Excellence**, we will identify and explore:

- *Leadership and Learning Styles of Ourselves and Others*
- *Positive Team Building*
- *Listening Techniques Toward Effective Communication*
- *Reflection Toward Self-Management of Behaviors*
- *Faculty-Specific Discussion About Teaching and Learning in the Evolving Classroom*

Breakfast and lunch provided.
