What is Federal Work Study?

A Federal Work Study (FWS) award is an offer to obtain a part-time job through the Work Study program at Berkeley City College (BCC). FWS is different from other types of financial aid, such as grants, because you do not receive FWS payment until you locate a job and begin working. A FWS award is not a guarantee of a job nor a guarantee that you will earn all of your award amount. To attain a FWS job, you must apply and interview for a position. FWS is a viable option for qualified students to find employment opportunities, but it is dependant upon the availability of jobs and funding.

FWS allows you to work at Berkeley City College or in an off campus nonprofit community position. One main advantage of FWS employment is that student's gain valuable skills that can be beneficial for their future career. You will learn time management skills, develop strong work habits, and job skills that will help you with your future career goals. FWS can also be an important resource to help you with the cost of your college education. There are several sources of financial aid that come in the form of grants, scholarships, employment opportunities, and loans.

FWS employees are a critical part of the BCC community. You will be a valued employee contributing to the success of the department you are working in. This handbook will provide valuable information to help guide you as you begin your FWS job.

Work Study Payroll & Time Sheet Information:

Generally, timesheets are turned in together on the 3rd week of each month to the FWS Coordinator. An email reminding you to turn these in will be sent out each month. Timesheets can be picked up from the financial aid office, the business office.

You will report the amount of hours worked on your monthly timesheet. FWS timesheets must be signed by you and your supervisor. Please allow sufficient time to obtain all required signatures. It is important that you submit your timesheet to the FWS coordinator on time or your paycheck may be delayed until the next pay period.

Paychecks

Students will receive paychecks on the 15th of each month unless the 15th falls on a weekend, then they will be paid on the Friday preceding the 15th. Your paychecks will be available in the Cashier's Office (Room 153). If you choose to receive your paycheck via direct deposit, you need to contact the cashier's office.

Student Salary

FWS positions (on and off campus) begin at a rate of \$16.32 per hour at BCC.

Paid Sick Leave Ordinance

The Peralta District is required to provide paid sick leave to student workers. Per [City of Oakland Paid Sick Leave Ordinance](#): Employee shall accrue one (1) hour of paid sick leave for every 30 hours worked. These hours can't be used in until you have worked for 90 days. You will record your hours accrued and used on the LAR form.

Tracking Your Federal Work Study Earnings:

You are responsible for monitoring your FWS earnings. You may be terminated from your position if your earnings exceed your award. If you think you will exceed your award, contact the Financial Aid Office and your supervisor to see if there is a possibility in increasing your FWS award to continue your employment.

If a student has earned the entire FWS award before the end of the school year, then your work study position ends. The hiring department may choose to rehire you as a college-funded employee if there are adequate funds in the department's budget.

Awards are subject to revision, increase, or decrease due to changes in a student's situation, and/or availability of funding. If the student is eligible for other grants, the FWS Coordinator may recommend that the student accept those grants over a FWS position.

Normally, the last day of FWS employment for the current school year is June 30. However, some students may work only until the last day of the Spring Term due to them not fulfilling the FWS eligibility requirements. Any work study funds remaining on an individual's award will be adjusted based on the last day of your employment.
