CONGRATULATIONS TO BERKELEY CITY COLLEGE'S CLASS OF 2020!

Congratulations to the Berkeley City College class of 2020! On behalf of the Board of Trustees of the Peralta Community College District, our Chancellor Dr. Regina Stanback Stroud, and Berkeley City College's esteemed faculty, classified professionals, and administrators, it is my honor to celebrate you today.

Graduates, we celebrate your accomplishments and dreams. These are extraordinary times, which call upon extraordinary strengths embedded in each and every one of you. Your perseverance, work ethic, commitment,

and academic brilliance are evident as we honor you today. Your ability to commit to your academic studies, your jobs, raising your families, and cultivating a meaningful life are all key factors contributing to your success.

Berkeley City College's mission is to promote student success, to provide our diverse community with educational opportunities, and to transform lives. I am certain that the esteemed faculty, classified professionals, and administrators of Berkeley City College have been transformed because of you. Your presence, contributions, and leadership have forever shaped Berkeley City College. The Class of 2020 will forever be the class that taught us about resilience, ganas, strength, and the sheer determination to pull together in community amidst the uncertainty of this health pandemic.

Among the 566 graduates in this year's class, you have earned 1,173 certificates and degrees! With your academic and career training, you are well equipped to lead our community, our state, and our country- with vision and compassion for one another. Your education at Berkeley City College has prepared you for the journey ahead. Continue to accomplish that which is important to you, your family, your community. Recognize that you stand on the shoulders of giants, who have supported you throughout the years to reach this remarkable accomplishment.

Be bold. Be courageous. Be vulnerable. Be human. It is in our humanity that we can transcend and disrupt the systemic forms of oppression that have been sanctioned by the those in the highest positions of power. Be proud to a Berkeley City College graduate, for we are so very proud of YOU.

In community,

JYOTI TULADHAR, VALEDICTORIAN

Jyoti Tuladhar is a determined and passionate student graduating with an Associate in Science for Transfer in Business Administration who seeks to build a career in business with a special focus on marketing. During his time at Berkeley City College, Jyoti has worked to support his peer student community by promoting and expanding an online academic mentorship program, as well as an in-person academic mentorship program through the student-run Community Success Club. Jyoti Tuladhar has also worked for the BCC Career

and Transfer Center as a part of a team that works tirelessly to help prepare students for their journeys ahead. Through these positions, he has learned how businesses and organizations can shape and be shaped by their surrounding communities, and how socially responsible business ethics can shape all of our futures for the better.

VIOLET MUROV, SALUTATORIAN

Violet Murov started taking classes as a full-time student at Berkeley City College when she was 15 years old. She quickly got engaged in student leadership to help other young students like herself navigate BCC. Violet started as a Senator in the Associated Students of Berkeley City College (ASBCC). She was then elected Vice President of Administration in the ASBCC where she provided support for all nine senators of the ASBCC. Her ties in student government gave her the opportunity to work in the Office of Student Activities &

Campus Life where she supported student life at Berkeley City College in matters involving student run clubs and campus events. Violet will be attending San Francisco State University in the fall as a psychology major. Violet hopes to earn a master's degree in psychology and work as a therapist focusing on early intervention for patients at a high risk of a first psychotic episode.
