California General Education Transfer Curriculum (Cal-GETC)

The California General Education Transfer Curriculum (Cal-GETC) is a series of courses that prospective transfer students attending a California Community College (CCC) may complete to satisfy the lower-division general education (GE) requirements at both the University of California (UC) and the California State University (CSU). Many independent/private and even out-of-state colleges and universities also accept Cal-GETC. Cal-GETC is most helpful to students who know they want to transfer to a California Public University system, institution, or major.

Students intending to transfer into majors that require extensive lower-division preparation, such as engineering or the natural sciences, should concentrate on completing the prerequisites for the major while meeting minimum admission requirements. Be sure to **meet with a BCC Counselor**.

The courses on the previous page are **Cal-GETC APPROVED FOR BERKELEY CITY COLLEGE ONLY**. Students completing courses at another California Community College, in particular College of Alameda, Laney College, or Merritt College, should carefully review specific courses in their college catalog and **meet with a BCC Counselor**.

Cal-GETC Certification

Students who have completed courses at more than one CCC should have their coursework certified by the last CCC they attended for a regular term before transfer. It is the student's responsibility to request Cal-GETC Certification. Students can request the Cal-GETC Certification through the Admissions and Records Office. Official transcripts of any coursework completed outside the Peralta District must be on file prior to or accompany the certification request.

GE Credit by Exam

Credit may be earned for Advanced Placement (AP) exams and International Baccalaureate (IB) Higher Level exams toward Cal-GETC. See the Berkeley City College catalog for details. Students should be aware that college courses may duplicate the content of examinations. The University may not award credit for both the course and the exam. Some UC campuses may require higher exam scores for subjects within the major. Refer to the AP chart in the catalog regarding how AP credit is granted for each major. CLEP exams are not accepted for Cal-GETC.

Courses Completed at Other California Community Colleges (CCC)

Courses taken at more than one CCC may be used to fulfill Cal-GETC. Coursework may only be applied to the Cal-GETC area for which it was approved at the community college where and when it was completed. Refer to www.ASSIST.org for a list of CCC courses that satisfy Cal-GETC requirements.

U.S. History, Constitution, and American Ideals for CSU graduation

A U.S. History course (HIST C1001 or C1002) and a U.S. Government course (POLS C1000) will fulfill this requirement at most CSU campuses for graduation (check with the specific CSU campus); it is not required for admission. Though not required to complete Cal-GETC, these courses may satisfy AREA 4.

Certificate of Achievement

Students who complete the Cal-GETC pattern are eligible to apply for the Cal-GETC Certificate of Achievement from Berkeley City College. This certificate is listed in the catalog.

Advisory note: Language Other than English is no longer needed for UC admission, but may be needed for graduation at some UC campuses.
