

BCC Town Hall Notes

Thursday, October 9 12:30-1:30pm

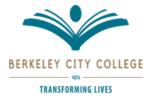

BCC Auditorium

Opening announcement: BCC President. Denise Richardson, Academic Senate President Matt Freeman, Classified Senate President Tom Rizza.

- This is just one town hall, there will be one more before the end of the semester.
- Thank you again for being here
- Dr. Richardson is asking for patience and unity as we address changes, and we need your feedback not just in the taskforce, but also in general.

Transformation Plan Presentation: Key highlights

- Tom noted that each focus area will have its own task force. He serves on the SSEM committee with Matt.
- Matt leads addresses how these changes are going to affect BCC specifically, but of course the taskforces have to meet first. Current updates include:
 - The Student Success & Enrollment Management (SSEM) Committee has already been meeting.
 - College Roundtable is a good place to staff and other committees to make recommendations.
 - District body receiving all recommendations is the Planning and Budgeting Committee.
- Taskforces are designed to not silo to any one college, but communicate across college specific committees
- Dual enrollment and concurrent enrollment taskforce: this is a key focus of increasing enrollment as a district.
- Key members in this Taskforce Mary Clarke-Miller (faculty) and Skylar Barton (counselor come as recommended appointments from District Academic Senate (DAS)
- Unification taskforce key members: Amy Lee (admin), Nancy Cayton (classified SEIU appointment)
- These individuals are named for a reason, because we are going to be leaning on them heavily to help represent us. All these taskforces and committees are all open to the public however, so bring your feedback and concerns.

- Dates for taskforces: not yet, just the appointments are just being finalized.
 - o [insert date and time for SSEM, didn't quite catch it]
- There will be a district website with the chancellor's transformation plan that is integrating the links to the meetings, data and agendas.
- Draft timeline, attached. Dr. Richardson called out that Implementation will be Fall 2027.
- New Milvia building should be done this March 2026. The actual move will take place between spring and summer term, 2026.
- Background to the 4 to 3 college system slide: We don't generate enough FTES to support 4 colleges. So the current plan is for Merritt and Laney to become Oakland City College. There can be some discussion about this, but it looks like that's where things are currently heading.
 - The graphic is not clear which college is which, A, B, C or D. BCC will be affected by all these changes, but again, until the taskforces meet, we are not entirely sure how.

Question/Suggestion	Requester	Answer (Matt, Tom,	Action/Follow-up

Peralta Community College District's Transformation Plan 2025-2027

Vision

Focus Areas

Strategic Direction

Goal

Work Group

Scope of Work Act with vision and purpose to create a unified, equity-centered district—streamlining programs, aligning resources, and forging clear, student-first pathways that remove barriers, accelerate success, and set a new standard for community college excellence.

	t a new standard for commit				
Course & Program Assessment	Evening & Weekend College	Distance Education	Dual Enrollment	Concurrent Enrollment (High School & 4-Year)	Unification
We will ensure every program and course is strong, sustainable, and strategically placed to serve students best—reducing duplication without reducing opportunity. Create recommendations fo the district and design a fran	nework for launching an	We will consolidate distance education into one coordinated system, so students experience consistent quality, clear expectations, degree pathways, and strong support no matter where they log in. Using data-driven analysis, develop a districtwide strategy and recommendations for coordinating distance education offerings. Identify 2–3 fully online associate degree pathways to launch by Fall 2027 (or sooner, if feasible).	We will establish one central point of coordination for dual enrollment, streamlining partnerships with schools and ensuring students have equitable access to high-quality pathways into college. Create a districtwide strategy scheduling, expand course ac students and parents.		We will unify our colleges to operate as a stronger district—maintaining distinct campus identities while eliminating fragmentation and competition for the same students. Develop an actionable plan for transforming into a three-college district, including programmatic, operational, accreditation, and communication components, to ensure a smooth and equitable transition.
Student Success & Enrollme	ent Management Committee	Taskforce	Task	force	Taskforce
 Analyze current programs and courses to identify duplication, need, gaps, and areas for greater sustainability. Recommend strategies for strengthening and strategically placing programs to best serve students while preserving opportunity. Develop a phased plan for implementing an Evening & Weekend College, including scheduling models, student support services, and instructional modalities. Assess student demand and workforce needs to guide program selection. Identify operational, staffing, and resource requirements for sustainability. 		 Conduct a comprehensive analysis of distance education offerings and high-demand modalities. Review student success data and declared majors to inform degree selection. Recommend majors most suitable for fully online degree implementation. Develop an equity-centered rubric for scheduling online instruction. 	 processes for efficiency a Recommend dual and corofferings, ensuring approparted appropriate appropr	foundation for planning, nt scheduling and enrollment nd clarity, ncurrent enrollment course priate scheduling to meet nool and 4-year college), keting and outreach strategies	 Map the practical steps required for transforming into a three-college district. Utilize program & course assessment to provide recommendations for scademic programs, student services, and administrative functions. Establish timelines addressing accreditation processes, statemandated changes, and other compliance requirements. Develop a comprehensive communication plan to engage students, employees, and the community throughout the transition.

Draft Timeline

Phase 1: Learn & Align (0–6 months)

Goal: Understand what's working and what's not, hear from students, faculty, and staff, and identify where programs may overlap so we can focus resources where they matter most for student success.

Phase 2: Design & Test (6–12 months)

Goal: Create and pilot new ways of offering courses and services that make it easier for students to access what they need, even if that means some programs or classes will be combined or offered differently.

Phase 3: Put into Action (12–24 months).

Goal: Launch the new structure districtwide, ensure students have strong support during the transition, and keep listening and adapting so changes lead to long-term student success.
