

## ELEMENTARY AND MIDDLE SCHOOL SPECIAL ENROLLMENT

The Elementary and Middle School Special Enrollment provides enrichment opportunities for elementary and middle school students who can benefit from college level instruction.

The Peralta Community College District (PCCD) may admit a limited number of elementary and middle school students who have exceptional ability, or who desire specialized or advanced training. Such admission must be with the recommendation of the principal and approval of the parent or guardian.

Elementary and middle school students enrolling in a college level course must meet assessment requirements. The student must follow all the regulations and policies of the college, including adhering to any prerequisite requirements.

Special part-time enrolled elementary/middle school students are exempt from paying the California Community College enrollment fees and all other fees. Elementary and middle school students may not enroll in more than 1 class per semester except during the summer term. Elementary and middle school students who would like to enroll in more than 6 units during the summer term must obtain permission from the college VP of Student Services or designee prior to enrollment (Elementary/middle school transcript required).

\* Elementary and middle school students admitted to the Peralta Community College District earn actual college credits which may affect their financial aid eligibility in future semesters.

All college coursework is governed by the Family Rights and Privacy Act which allows release of academic information, including grades, to the student only- regardless of age. Academic information is not released to parents or third parties without the consent of the student.
