

Succeeding in math can be your Reality!

Associated Students in collaboration with The Black Student Union and Latino American Club

have **joined hands** with

Administration and Math Faculty to **CALL FOR ACTION!**

Join the campus-wide discussion on Nov 17th and 18th in the auditorium for a **MATH EQUITY TOWNHALL** during college hour (12:20-1:30) as we **DISECT** the problems students are having with mathematics and **STRATEGIZE** how we can create more success in these math courses.

WE NEED TO HEAR YOUR VOICE!
