- 22. Work with college community to develop multilingual publications.

Description

Berkeley City College's Mathematics AS-T Program must recruit, individuals who wish to major in mathematics; or who wish to change careers. Students and faculty must play an active role in marketing and recruitment processes. A seamless student support system connected to the program also must be developed.

Rationale

Faculty, staff and students in Berkeley City College's Mathematics AS-T Program will engage in activities which meet the marketing plan objectives listed above. In doing so, Mathematics faculty and staff will build a foundation for future marketing and recruitment efforts. Meeting these objectives will help the program increase enrollment and broaden public awareness of educational and job options for Mathematics majors.

Target Audience

The Mathematics major's target audiences include high school students; returning students; employees in business, government, and nonprofit agencies who wish to earn a college degree, who wish to complete lower division transfer requirements or who wish to transfer to four-year universities immediately after graduation.
