Accreditation Follow Up Report and Visit Update

• 6 District Requirements (must be cleared by June 2024)

    Requirement 1: overall financial oversight and controls

    Requirement 2: Audit

    Requirement 3: Financial Aid

    Requirement 5,6,&7:   Directly related Board issues

Accreditation Follow Up Report and Visit Update

• 3 Fiscal issues must be resolved by this January 2023 (This report and October team visit are critically important):

• Requirement 1:   Financial planning and stability
• Requirement 2:   Audit
• Requirement 3:   Restructuring

Positive progress made thus far.

Hope that this continued effort to mitigate requirements will get us to an reaffirmation of the Accreditation status.
