2023 Annual Report General Instructions and Survey Questions

This document provides assistance with the ACCJC 2023 Annual Report. The final version of the report will be submitted online, but the questions are included below for reference and to assist with data collection. The 2023 Annual Report is due no later than **April 14, 2023**.

ACCJC Support Contacts:

For technical support: Tom Lane (tlane@accjc.org)

For all other questions: Catherine Webb (cwebb@accjc.org)

Background: About the ACCJC Annual Report

In accordance with federal regulations and the Commission <u>Policy on Monitoring Institutional</u> <u>Performance</u>, ACCJC applies a set of annual monitoring and evaluation approaches to assess member institutions' strengths, stability, and ongoing alignment with the Standards during the course of the accreditation review cycle. The Annual Report (AR) is one of the tools used for this process. Using institutions' self-reported data, the ACCJC Annual Report collects headcount information to monitor institutional growth (including growth in distance and correspondence education) and institution-set standards for key indicators of student achievement, licensure exam pass rates, and job placement rates.

Overview the 2023 Annual Report Survey

There were no major changes to the Annual Report questions for the 2023 survey. However, ACCJC staff changed the tool used for the 2023 survey to improve usability and streamline the data collection and review processes. Changes were also made to the submission process.

Accessing, Completing, and Submitting the 2023 Annual Report Survey

Institutions submit the Annual Report electronically via an online survey. Instructions for accessing the survey are provided to each institution's Accreditation Liaison Officer (ALO) via email, usually in early February. Please contact Tom Lane (tlane@accic.org) if you have questions about accessing the survey.

The 2023 Annual Report collects data for the three-year period that includes 2019-20, 2020-21, and 2021-22 (unless otherwise noted). Additional information and data definitions are provided in the instruction text where relevant. All questions in the survey are required, unless otherwise noted. If a question is not applicable, please enter **N/A**.

Answers are saved automatically, and can be accessed and revised as many times as needed prior to submission. To submit a final copy, follow the instructions in the Final Step page of the online survey. When the survey has been submitted, ACCJC will forward a final PDF copy of the answers to the ALO and CEO for final review (and adjustment, if needed). If no corrections or adjustments are needed, the PDF copy will stand as the final, certified copy of the Annual Report.

Institution-Set Standards: Course Completion

For the purposes of this report, the successful course completion rate is calculated as the number of student completions with a grade of C or better divided by the number of students enrolled in the course. If your institution calculates successful course completion differently, you may respond using your local calculation and describe your methodology in Question 18.

Institution-Set Standards: Employment Rates for Career and Technical Education Students

18. Job placement rates for students completing certificate programs and CTE (career-technical education) degrees for last three years available data:

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2021-22 job placement rate will be the number of students who completed the program in 2020-21.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2020-21, you do not need to report a job placement rate for 2021-22. Report only those programs for which reliable data are available.

If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition – but **please describe your definition and methodology in Question 19.**

Program	Institution-Set	Stretch	2019-20	2020-21	2021-22

Other Information

19.	Please use the text box below to provide any comments or context regarding the data submitted in this report (optional, no word limit):

SUBMISSION INSTRUCTIONS

Once all data has been entered into the online survey, use the Section Navigation links to review carefully. Answers may be reviewed and revised as many times as needed prior to final submission.

Follow the instructions in the **Final Step** page of the online survey to submit. Upon submission, ACCJC will forward PDF copy of the answers to the ALO and CEO for final review (and correction, if needed). If no corrections are needed, the PDF copy will stand as the final, certified copy of the institution's 2023 Annual Report.
