College Roundtable on Planning & Budgeting

Participatory Governance and Agenda Items Report (2022-2023)

The following report template will be used by governance constituency leads and presenters for agenda items for the committee's review. The goal of these reports is to have the authors provide a written report that will be made available for committee members to review in advance of the meetings, capture in the minutes of the meetings, and ensure primary source information for key updates/agenda items. These reports are to be uploaded in advance of the committee meeting, so that members may review and prepare for discussion, especially on those items requiring action.

Name of Governance Committee or Senate *(select or type)*:

Technology Committee

Insert your narrative responses below.

Committee updates:

Technology committee met May 4th - No new updates on Bond funds - Additional alternative funding has been earmarked to complete room 324 and to move ahead with classroom upgrades - the 4th floor multi room will be upgraded next year rather than trying to band aid a repair and the auditorium will also get a refresh. This is great news for the college. Library still to set up computer to test scanning over the summer months. Good news on Network upgrade project continues to move forward, cabling in progress - security cameras will be updated as part of this project. Vendors will receive badges so they can be identified. Sean Brooks will be the key point of information contact for BCC.
Website updates - Tom working with Mark on an alternative plan some local vendors have been identified. One step closer. Discussed adding a tri chair position. Next year we will operate under the tri-chair model. We will need academic senate to appoint a new faculty to chair and classified to approve/appoint a tri chair staff. Moving to 2nd Thursdays Fall 23.

Dates for next committee meeting:

Fall : Sept 8th

Recommendations to College Roundtable (Note that action items are directed to the Tri-Chairs for future agendas):

 Recommendation to keep asking district for support in utilizing bond funds to support refresh plans for the college technology needs.

Thank you for having your reports completed and submitted to Djenilin Mallari at dmallari@peralta.edu by 10am on the Friday **BEFORE** the Roundtable meeting.
