

# JOF Summer Internships!

Are you interested in becoming a nurse, a physician, a physician assistant, or a physical or occupational therapist?

Jackson Orthopedic Foundation (JOF) offers a 6-week Summer Intern Program that provides college students with an immersion experience in health care. You can explore various health fields while shadowing experienced providers as they treat patients.

The program's emphasis is placed on musculoskeletal health, focusing on conditions affecting the bones, muscles and joints.

**Applications open now!**

**All applications must be received by June 16, 2018.**

## How to apply

Apply online or download the application in printable PDF format.

Jackson Orthopedic Foundation  
3317 Elm Street #201  
Oakland, CA 94609
